

Project Performance Phase

Date	3 July 2026
Team ID	
Project Name	Comprehensive Analysis and Dietary Strategies with Tableau: A College Food Choices Case Study
Maximum Marks	5 Marks

Product performance parameters

S.NO	Parameter	Screenshot / Values
1	Data Rendered	Dataset successfully imported into Tableau. 120 records loaded with 41 fields (Dimensions and Measures rendered correctly).
2	Data Preprocessing	Removed missing values, validated data types, corrected field names, checked duplicates, and prepared data for visualization
3	Utilization of Filters	Applied filters such as Breakfast , Eating Out , Exercise , Veggies Day , and Comfort Food to enable interactive analysis

4	Calculation Fields Used	Used calculated fields for Count , Percentage , Average , and aggregated measures to summarize dietary patterns and exercise habits
5	Dashboard Design	No. of Visualizations / Graphs – 6 (Breakfast Distribution, Eating Out Habits, Daily Vegetable Intake, Student Exercise Habits, Preferred Comfort Foods, Dashboard Summary)  The screenshot displays the Tableau Public interface for a dashboard titled "Breakfast Analysis". The dashboard is composed of three main visualizations: KPI card: Displays summary statistics for GPA: Count of GPA (120.0), Avg. GPA (3.4), Avg. Grade Level (2.4), and Avg. Weight (158.5). Eating Out Vs Cooking: A dual-axis line chart comparing "Eating Out" and "Cooking" habits. The x-axis represents "Eating Out" and "Cooking" (ranging from -4 to 6), and the y-axis represents the count (ranging from 0 to 50). A legend on the right indicates "Gender" with options (All), 1, and 2. Breakfast Consumption: A horizontal bar chart showing the count of GPA for different breakfast items: Cereal (approx. 65) and Donut (approx. 5). The interface includes a sidebar with options for Dashboard, Layout, Size, Sheets, and Objects. The bottom status bar shows the system clock (22:58) and date (09-07-2026).

6

Story Design

No. of Story Points – 6 (Overview, Breakfast Consumption, Eating Out Habits, Veggies Count, Exercise Count, Final Insights & Conclusion).
